

On behalf of all of us here at:

THANK YOU FOR YOUR PURCHASE!

Dear Woodworkers,

We appreciate your interest in Multiple Layer inlay Stencils. We believe that we provide a simple way to create high quality inlays over and over, for an affordable price using our stencils. While we are confident in our stencils, we always value your feedback to help us create designs that you want to use so please let us know what you think in the contact us section. Also, on the contact us page be sure to send us a picture of your finished inlay along with a word or two about the piece, and we would love to show it off on our site for everyone to see. For any additional questions, or support please send us an email at: TarterWoodworking@TarterWoodworking.com

Subscribe to our newsletter to find out about new designs when they become available as well as exclusive subscriber discounts.

Like us on Facebook via the website homepage to get updates on special events, pricing, and new design releases!

Thanks Again,

Tarter Woodworking LLC

Instructions: **Masonic Symbol**

***FOR A DETAILED 10 MINUTE INSTRUCTIONAL VIDEO ON “HOW TO CREATE AN INLAY USING A MULTIPLE LAYER INLAY STENCIL”, PLEASE VISIT THE “HOW TO” SECTION OF THE WEBSITE: WWW.TARTERWOODWORKING.COM. Here, you can also access detailed printable .pdf instructions for each M.L.I.S. design.

Additional Instructions:

1. Any piece smaller than 1” in diameter should be re-sawn or sanded from a thicker wood (the pieces for the letter G) plates 2 3 and 4.
2. Follow the general directions with the exception of plate #1 (which is a “flip plate”)
3. Start by removing the collar from your inlay kit. Cut pieces for each pocket keeping in mind you must flip plate 1 horizontally and cut another piece for each pocket.
4. Use the engraving on one of the plates to set the position of the finished inlay on your project. Then tape down positioning plates with double sided tape.

5. Cutting pockets for plate #1 must be completed in three steps. One, using plate #1 cut a pocket for pocket marked A on plate. Glue in then let dry and sand flush. Two, Flip plate horizontally and cut pockets marked B on plate. Glue in then let dry and sand flush. Three, Flip plate over and cut pocket marked C on plate. Glue in then let dry and sand flush.
6. Complete plates 2 3 and 4 between each plate, let dry sand flush in numerical order.
