THANK YOU FOR YOUR PURCHASE!

Dear Woodworkers,

We appreciate your interest in Multiple Layer inlay Stencils. We believe that we provide a simple way to create high quality inlays over and over, for an affordable price using our stencils. While we are confident in our stencils, we always value your feedback to help us create designs that you want to use so please let us know what you think in the contact us section. Also, on the contact us page be sure to send us a picture of your finished inlay along with a word or two about the piece, and we would love to show it off on our site for everyone to see. For any additional questions, or support please send us an email at: TarterWoodworking@TarterWoodworking.com

Subscribe to our newsletter to find out about new designs when they become available as well as exclusive subscriber discounts.

Instructions: **Medallion**

***FOR A DETAILED 10 MINUTE INSTRUCTIONAL VIDEO ON “HOW TO CREATE AN INLAY USING A MULTIPLE LAYER INLAY STENCIL”, PLEASE VISIT THE “HOW TO” SECTION OF THE WEBSITE: WWW.TARTERWOODWORKING.COM. Here, you can also access detailed printable .pdf instructions for each M.L.I.S. design.

Additional Instructions:

1. Any piece smaller than 1” in diameter should be re-sawn or sanded from a thicker timber.
2. The “Medallion” is an “Inlaid Inlay” when using the rotational spindles (plate #1) in your finished Design. To do this, first start by following the standard inlay process with plates #1 and #2 1/8” deep into timber at least 1/4” thick. Then use your choice of the oval or circle #3 plate to cut out the inlay you have already created using plates #1 and #2. You then can inlay your medallion in the location of your choosing.
